Neurologist

Halton Healthcare

About Halton Healthcare

Halton Healthcare is an award-winning organization serving over 400,000 people in Oakville, Milton, and Halton Hills, through three community hospitals and a range of services. Located in one of Ontario's fastest-growing regions, we are accredited with Exemplary Standing by Accreditation Canada and are committed to providing high-quality, patient-centered care. Affiliated with McMaster University and Toronto Metropolitan University, Halton Healthcare also plays a key role in advancing medical education at both the undergraduate and postgraduate levels.

About the Department

Halton Healthcare – **Milton District Hospital** is currently seeking a **Neurologist** to join a dynamic team in Milton. Halton Healthcare is comprised of three community hospitals in the growing urban and rural communities of Halton Hills with a catchment area of over 400,000 people. Halton Healthcare is undergoing a large organizational change as we strive to provide exemplary care for the population in the fastest growing communities in the Greater Toronto Area and in Canada. One Halton Healthcare is a transformational initiative designed to integrate care across our three hospitals (Georgetown, Milton, and Oakville) and nine community sites in response to projected population growth, increasing demand for services, and the need for more equitable access to care.

What We Offer

At Halton Healthcare, you will thrive in a healthcare culture and environment that embraces inclusion, high performance, and flexibility, with 'exemplary patient care always' at the heart of everything we do. Bring your compassion and expertise to an outstanding team and hospital system.

What We Are Looking For

The successful candidate will join our existing neurologist to provide Inpatient and ED consults primarily to the Milton site and participate in the Departmental on-call schedule as well as in Outpatient clinics. This is a tri-site role based primarily in Milton.

They are also expected to play a crucial role in promoting and exemplifying excellence in professional practice and conduct and demonstrate a strong commitment to expanding the neurology service. Your contributions will be instrumental in shaping the Department's future.

Halton Healthcare has been affiliated with McMaster University. The successful applicant will demonstrate a commitment to medical education at both the undergraduate and postgraduate levels as we continue to grow this longstanding partnership. Furthermore, Halton Healthcare will expand our commitment to advancing medical education through a new academic affiliation with Toronto Metropolitan University School of Medicine.

Candidates must have an independent license or be eligible for an independent license with the College of Physicians & Surgeons of Ontario (CPSO). Candidates in Fellowship training or who have a Fellowship in Neurology are preferred.

How to Apply

Expressions of interest will be accepted until **November 30, 2026**, and must include a cover letter, up-to-date curriculum vitae, a description of previous specialty and subspecialty training, and previous working experience. For further details or to submit an expression of interest, please contact: **Dr. Jan Orfi, Chief of Medicine**, at physicianrecruitment@haltonhealthcare.com

We thank all applicants for their submissions; however, only qualified candidates will be contacted to attend a pre-application interview. All appointments are subject to an impact analysis and Board approval.

In accordance with the Accessibility for Ontarians with Disabilities Act and the Ontario Human Rights Code, Halton Healthcare will provide accommodation throughout the recruitment and selection process. If you require an accommodation, we will work with you to meet your accommodation needs to ensure your equal participation. All personal information is collected under the authority of the Freedom of Information and Protection of Privacy Act.
