

Your opinions are valuable to us.

Halton Healthcare

At Halton Healthcare Services, we want to provide the best possible care and service to our patients. Through patient satisfaction surveys, we receive information that helps us identify where we are doing well and highlights where there are opportunities to improve our care and services.

- **Your feedback is important to us.** Once at home, you may be randomly selected to complete a patient satisfaction survey.
- **Completion of this survey is voluntary** and your responses will be **kept confidential.**
- We **appreciate the feedback** that is provided to us through this survey process and encourage all patients and family members who are selected to express your opinions.

Thank you for your time and help.

Your effort will help us provide better care to all our patients.
