

Your Healthcare Options

If you don't require emergency care, the following options and supports are available to you.

Speak to a Pharmacist

Pharmacists can now test and prescribe for certain common conditions such as pink eye, strep throat, UTIs, etc. Visit www.ontario.ca/page/pharmacies.

Regional Virtual Urgent Care

Book an appointment with a nurse practitioner virtually at www.regional-virtual-urgent-care.ca.

Visit your Family Doctor

Need a family doctor? Call 1-844-806-3093 or visit connectedcarehalton.ca/i-need-a-doctor/.

Contact Health811

Connect with a registered nurse for free, confidential health advice 24/7. Dial 811 or visit Health811.ontario.ca.

Walk-Ins or Urgent Care Clinics

Search for clinics and virtual care services at:

- www.mississaugahaltonhealthline.ca
- www.centralwestoht.ca/services/navigate-health-services

Contact Mental Health Crisis Services

Support for anxiety, suicidal thoughts, sexual assault, addiction and more available at www.halton.cmha.ca or call the 24/7 Suicide Crisis Helpline at 988.

Need a Vaccine?

Vaccines are available at many locations in the community including pharmacies and doctor's offices. Find a location near you: ontario.ca/page/immunization-clinics.

Paediatric RSV Immunization Clinic
